

NABILA NURHUSNA YAP

UI/UX Designer | Frontend & Fullstack Engineer | AI & Computer Vision Enthusiast | Mobile Developer
nabilanurhusnayap@gmail.com | (+62) 896-3194-7367 | linkedin.com/in/nabilayap | github.com/NAZEUR

PROFESSIONAL SUMMARY

Developer and designer who thrives on building digital products from the ground up from conceptualizing intuitive user experiences as a UI/UX Designer, to writing robust code as a Fullstack and Mobile Engineer. Currently expanding expertise into Artificial Intelligence and Computer Vision. Believes that exceptional design and solid architecture are the keys to engaging digital experiences.

EDUCATION

Universitas Sriwijaya <i>Bachelor of Computer Science, Informatics Technique — GPA 4.00/4.00</i>	Indralaya, Indonesia 2022 - 2026
Bangkit Academy led by Google, Tokopedia, Gojek, & Traveloka <i>Mobile Development Cohort, Graduated with Distinction</i>	Indonesia 2023 - 2024
SMAN 1 Bengkulu Selatan <i>Math and Science</i>	Indonesia 2019 - 2022

PROFESSIONAL EXPERIENCE

Ardhana Group <i>IT Product Developer</i>	2026 - Present
- Led the redesign of GoEvent, the company's web-based event platform, covering both UI/UX and frontend implementation. - Designed comprehensive user interfaces, user flows, and visual assets using Figma and Canva. - Established modern aesthetic standards across various corporate digital products.	
GenBI Sumsel <i>Executive Board (BPH), Kemitraan dan Kerja Sama</i>	2025 - Present
- Served in the partnership division as a Bank Indonesia Scholarship awardee. - Managed external collaborations and developed the official KJSM open recruitment web portal.	
Universitas Sriwijaya <i>Computer Lab Assistant, Big Data & Database</i>	2024 - 2025
- Supervised laboratory usage for learning purposes. - Maintained and updated 30+ computer devices for optimal usage. - Created and managed a user log and tracking system to streamline lab accessibility for students.	
SRIFOTON 2024 <i>Person in Charge (PIC), UI/UX Competition</i>	April 2024 - November 2024
- Managed and coordinated a university-level UI/UX competition with 20+ participating teams. - Developed competition guidelines, evaluation criteria, and technical documentation. - Communicated with participants, mentors, and judges to ensure smooth event execution. - Organized the submission and judging process, ensuring fairness and transparency. - Oversaw technical and logistical preparations, including participant briefings and Q&A sessions.	
Bangkit Academy <i>Mobile Development Cohort</i>	2023 - 2024
- Completed an intensive mobile development program led by Google, GoTo, and Traveloka. - Mastered Kotlin and Android SDK, culminating in the BudayaKita capstone project.	
HMIF UNSRI <i>Education Mentor, Computer Science Freshmen Program</i>	November 2023 - December 2023
- Taught Java programming and Object-Oriented Programming (OOP) concepts to first-year Computer Science students. - Mentored and guided 12 freshmen through structured learning sessions.	

- Evaluated students' progress and assessed 20+ submitted assignments.

HMIF & GDSC Universitas Sriwijaya

2023 - 2026

Public Relations Lead & UI/UX Member

- Led public relations initiatives for the Informatics Student Association (HMIF).
- Contributed to UI/UX case studies and application prototypes within Google Developer Student Clubs (GDSC).

Dojo SD IT Al-Qalam

2019 - 2022

Assistant Dojo Instructor

- Trained 50+ children in karate techniques from white to blue belt.
- Organized payments and procurement of karate equipment (approximately IDR 5,000,000).
- Organized competition registration files for karateka.

ORGANIZATION EXPERIENCE

HMIF UNSRI

2023 - 2024

Head of Public Relations

- Managed and contacted 20+ media partners for cooperation.
- Created 50+ captions and managed content publishing on HMIF social media.
- Managed a team of 8+ staff in the Public Relations Division.

GDSC UNSRI

2023 - 2024

Member, UI/UX

- Created UI/UX interfaces for portfolio and call-to-action (CTA) materials.
- Learned UI/UX fundamentals including wireframing, user persona, and responsive web design.
- Participated in event committees organized by the club.

BEM KM Fasilkom Universitas Sriwijaya

2022 - 2023

Multimedia Staff

- Created 20+ Instagram feed posts and stories using Figma.
- Produced 25+ design assets using CorelDRAW, Adobe Illustrator, Canva, and Figma.
- Edited event videos using Adobe Premiere and documented 5+ events through photo and video.

TECHNICAL SKILLS

UI/UX & Design: Figma, Prototyping, User Research, Design Systems, Wireframing

Frontend & Fullstack: Next.js, React, Tailwind CSS, Laravel, Flask, HTML, CSS, JavaScript

AI & Computer Vision: Python, PyTorch, TensorFlow, YOLO Architectures, OpenCV

Mobile Development: Kotlin (Android SDK), Flutter (Dart), Firebase, REST APIs

MAJOR PROJECTS

Road Damage Visualizer (*AI & Machine Learning, Undergraduate Thesis*)

Tech Stack: Python, Flask, YOLO, Computer Vision

- Built a web interface to visualize inference results for road damage detection models, deploying complex YOLO models into a user-friendly browser interface as the primary output of the undergraduate thesis.

GenBI Recruitment Portal (*Web App, Fullstack*)

Tech Stack: Next.js, React, Tailwind CSS

- Developed the official open recruitment web application for the Kemitraan dan Kerja Sama (KJSM) division of GenBI Sumsel 2026, handling both frontend design and integration.

BudgetBee (*Web App, Frontend*)

Tech Stack: React, Tailwind CSS

- Designed and engineered a modern, responsive web application for seamless personal finance tracking and budget management.

Aksara (*UI/UX Design*)

Tech Stack: Figma, User Research, Prototyping

- Created a high-fidelity prototype and comprehensive UI/UX case study for a mobile application designed to make learning traditional scripts engaging.

Serenity (*UI/UX Design*)

Tech Stack: Figma, Interaction Design

- Designed an innovative mental health app prototype offering a user-friendly, calming interface to help users monitor and improve their mental well-being.

BudayaKita (*Mobile App*)

Tech Stack: Kotlin, Android Studio, Firebase

- Engineered an Android app as the final capstone project at Bangkit Academy, aimed at preserving and promoting Indonesian cultural heritage.

Legacy Portfolio & New Cosmic Portfolio (*Web App*)

Tech Stack: HTML, CSS, JavaScript, React, Next.js, Framer Motion

- Built a foundational HTML/CSS/JS portfolio, later overhauled into a highly interactive, space-themed React/Next.js application featuring Framer Motion animations, a custom audio player, and a responsive design system.

ACHIEVEMENTS AND AWARDS

- Bangkit 2024, Mobile Development Distinction Graduate — Google-led Academy, Kampus Merdeka x MSIB, January 2025
- 2nd Place, UI/UX — Technology Euphoria National UI/UX Design Competition, Palembang, October 2024
- 1st Place, UI/UX Design Category — Himpunan Informatika Universitas Sriwijaya IF FEST 2024, Palembang, May 2024
- Bronze Medal, Senior Women's Kumite -61kg — FORKI & KKI Bengkulu and Bengkulu Regional Government, July 2023
- Gold Medal, Bengkulu Governor's Championship — FORKI Bengkulu and Bengkulu Regional Government, June 2023
- Silver Medal, Bengkulu Province LEMKARI Chairman's Cup — FORKI & LEMKARI Bengkulu and Bengkulu Regional Government, February 2022
